

Neitzert's

Greenhouse & Florist

278-4148

Our business has had a web page for many years and I maintain it myself. I recently contracted with Creative Web Designing to host our web site. I wanted to keep control of my own site but also wanted to have someone handy to answer questions that might arise. They are very competitive in price and Lee Younkman has been very helpful in making suggestions and clearing up problems that have arisen. Creative Web Designing is a great partner for the "Do-It-Yourselfer" Webster.
